About the DCZ:

The Sino-German Agricultural Centre (DCZ) is a joint initiative of the German Federal Ministry of Food and Agriculture (BMEL) and the Ministry of Agriculture and Rural Affairs (MARA) of the People's Republic of China. The DCZ was established in March 2015 as a central contact and information office with the purpose of coordinating the bilateral cooperation between Germany and China in the agricultural and food sector. In April 2018, the project entered its 2nd phase with the present team and the implementation partners Foreign Economic Cooperation Center (FECC) of MARA on the Chinese side, and IAK Agrar Consulting GmbH in a consortium with the Leibniz Institute of Agricultural Development in Transition Economies (IAMO) on the German side. The DCZ brings together stakeholders from government, industry and academia. The spectrum of the bilateral cooperation in the agricultural sector is reflected in the three components Agricultural Policy Dialogue, Agri-food Business Dialogue and Scientific Dialogue.
